City Fathers to Ascertain the Cost of Placing Silent Policemen at Intersections

Alderman Marshall Resigns on Account of Removal From City—Nominations to Take Place on May 7th—Council Decides May 15th Last Date for Cleaning up Property in the City—Many Minor Matters

The regular meeting of the City Council was held Tuesday evening, with all members in attendance excepting Alderman Marshall and Ingalls. After the adoption of the minutes of previous meeting, a letter was read from the secretary-treasurer of Leduc re the gravelling of streets in towns connecting with the gravelled highway. Letter read.

A legal firm in Regina asked for price of power plant if it is for sale. The plant is not on the market. Alderman Marshall tendered his resignation as a member of the Council on account of leaving the city. Resignation was accepted with regret, and Mr. Fraser was appointed returning officer and nominations will take place on Monday, May 7th and election, if necessary, on May 14th.

The Electrical Engineers wrote re inspection of engine. Filed.

INFANTILE PARALYSIS PATIENTS IN HOSPITAL TOTAL FORTY-FIVE

Good results are being obtained by the provincial government in their efforts to offset the effects of the dread epidemic which visited Edmonton last summer and left so much misery and suffering in its wake.

At present there are 45 children in the hospital erected as an annex to the University of Alberta hospital. Everything possible is being done to make them not only well but happy. Radios, toys and other novelties have been given to the children by people interested in fighting this disease.

Infantile paralysis presents one of the most urgent and difficult problems to modern preventive medicine. In spite of all research, it is nearly as baffling as ever to scientists seeking means for its prevention, state local physicians.

BAD AUTOMOBILE ACCIDENT SOUTH OF WETASKIWIN

On Friday afternoon last a serious automobile accident happened about five miles south of the city, when a Durant car being driven north by O. B. Taylor of Edmonton, collided with a Chevrolet car going south and being driven by Mr. Staatesbury of Ponoka. Both were nearly new cars and they were badly damaged. Mr. Taylor had ribs broken, his shoulder knocked out and he received other injuries, and is now a patient in the University hospital, Edmonton, while Mr. Staatesbury was not so badly hurt, escaping with a bad shaking up.

We understand the matter is being taken into court, and that a hearing will be given at the court house here on Saturday of this week.

I.O.O.F. ANNIVERSARY

The Oddfellows and Rebekahs of Wetaskiwin and district will commemorate the founding of the order in America by attending Divine worship in the Angus Theatre on Sunday next, when Rev. A. R. Aldridge of Edmonton will deliver the address. The members of Millet and Ponoka will join Wetaskiwin in this celebration. The members are requested to meet at the lodge room at 1:30 and they will march to the theatre, where service will commence at 2 o'clock sharp. The Coal Lake Band will render a number of selections in the theatre and the Wetaskiwin Boys' Band will lead the street parade. A collection will be taken at the theatre. The public is cordially invited to attend the service.

COL. JAMIESON DELIVERS TIMELY ADDRESS TO LOCAL KIWANIS

Col. F. C. Jamieson was the speaker at the Kiwanis luncheon on Tuesday evening and he gave a very interesting address. After referring briefly to the anniversaries we are celebrating this week, he emphasized the importance of Canada and the other colonies of the British Empire trading among themselves, thus developing their resources, rather than sending their money to foreign countries, which was naturally to our disadvantage. We must be careful and not allow ourselves to get in a position where we might be dominated by some other nation. We must put into our business dealings a generous spirit and deal fairly with all men. All true Britons are building for the future. The great desire of the rural population today is to go to the industrial plants. Some of the young people are attracted there, while others are driven there by the modern machinery which is now so extensively used on the farms, thus replacing men. It is computed that only ten per cent of the population of the colonies is on the land. Every year some 300,000 young men leaving school in England must be placed and there is not employment for them in the old land. Some of these come to Canada, but a very large number of them go to foreign countries. This does not refer to the thousands of girls who also leave the old land. We should use our best endeavors to get these people to come to this country and settle in our vast unpopulated areas. This would help to solve the unemployment question. The Colonel concluded by stating that in our buying and dealing we should work to the proper redistribution of white people of the British Empire.

Ward MacAllister was elected as a member of the Board of Directors.

The offer of Russell Meyer to purchase two lots for \$35.00 was accepted. C. H. Russell, City Solicitor, wrote respecting the case of Mrs. Guse, and a letter from Alex. Knox, solicitor for Mrs. Guse, was read. Notice to remove caveat on property was also read. It was agreed that the caveat remain and Mr. Russell will be instructed to look after the city's interests in this matter.

Fairbanks Morse wrote re shipment of machinery, enclosing notes for signature. Council ordered draft for 50% of cost to be accepted, but declined to sign notes until machinery is installed and working satisfactorily.

The following accounts were passed for payment: General, \$342.30; electric, \$730.69; waterworks, \$30.64; supplementary, \$158.60.

Ald. Gotthard asked that two lots in Parkview Addition be changed for lots on water and sewer lines. Referred to land's committee for report.

The Wetaskiwin Elks Limited, asked for water and sewer connection to their lot on corner of Pearce and Alberta streets. Request was granted. N. Bryholtz offered to purchase lot in city for \$25.00. Accepted.

Building permits were granted to N. Bryholtz for shack and Mrs. E. C. Ness for garage.

The question of silent policemen for the principal business corners was considered, and referred to public works committee for report as to cost at next meeting.

Insurance policy covering the volunteer fire brigade was renewed on same terms as last year. Namely, \$7.00 a man for 11 men, and referred to the inspector of insurance for report.

J. R. Marshall then addressed Council, stating he enjoyed the work of the council and regretted that circumstances had arisen which compelled him to leave the city, hence his resignation. Mayor Montgomery expressed the regret the Council felt at losing Ald. Marshall, who had always been a good alderman and willing worker.

The Chief of Police was authorized to collect all unpaid licenses in the city and to take legal action if necessary.

The matter of renting lot to G. L. Owen for holding auction sales was referred to the lands committee.

Ald. Howatt brought up matter of engaging man to look after Cemetery. Referred to Parks Committee to use discretion re planting trees and to engage caretaker.

It was decided to sell three lots on the East side for \$30.00 to J. Walke and to sell two lots on Dickson Ave. to Gus Parker for \$35.00.

Permission was given to C. H. Swanson to replace plank walk at his livery barn with a cinder walk.

By-law No. 609 empowering the city to borrow a sum up to \$40,000 from the Bank of Montreal at the rate of 4 1/2% to meet current expenses, was read three times and finally passed.

It was agreed that May 15th be the last date for cleaning up property in city, and a notice was authorized to be inserted in The Times to that effect.

Some of the Indians on the reservation at Hobbema were paid land money the first of the week, and were in Wetaskiwin in large numbers making purchases.

First Colored Lady. "Dat baby of yours am de puffie engine of his daddys."

Second Colored Lady. "He such am. He am a regular carbon copy."

WETASKIWIN GIRLS ARE ALBERTA CHAMPIONS

These three clever young "salesmen" from Wetaskiwin were able to so thoroughly convince the judges in the "Selling Alberta" demonstration arranged by the Women's Institute Girls' clubs in Edmonton recently, that they were able to get across the best points of the province. They will go to Toronto this summer to tell the world about it at the Canadian National exhibition. Their demonstration was on dairying, and they stood champions of the ten clubs entered in the northern part of the province, as well as of the whole of Alberta. They are, from left to right, Norma Nelson (Doris Hanna captain), and Lauretta Vickers, and Miss Albert Rodell, supervisor. This team will go to Toronto as guests of the C.P.R. (Courtesy Edmonton Journal)

Weddings

ARNOLD-SCHREIFELS

A quiet but pretty wedding took place at the Presbyterian Manse on Wednesday, April 18th, when Mrs. M. daughter of Mr. and Mrs. Nick Schreifels of Damsel, was united in marriage to Raymond G. Arnold of Horburg, Alberta. The bride looked lovely in a dress of maize georgette trimmed in beads, and was assisted by her sister, Miss Mary, who wore rose georgette. The groom was supported by his brother Billy. After a short honeymoon the happy couple will reside on their farm at Horburg.

PETERSON-DUFVA

A quiet wedding took place at the home of Mrs. M. E. Dufva, on Easter Monday, April 9, when Miss Selma Leona, her youngest daughter, was united in marriage to Mr. Emil Theodore Peterson of the Wetaskiwin district. The ceremony was performed by Rev. E. Swanson.

The bride was attired in a very becoming frock of white tulle, with soft falling panels of picoté frills, with a cluster of soft white flowers at the shoulder. She wore an embroidered net veil with a wreath of forget-me-not and carried a bouquet of beautiful pink roses and lily of the valley.

Miss Ellen Dufva, sister of the bride, was bridesmaid, and was dressed in a peach felt crepe and carried a bouquet of carnations. The bridegroom was attended by his brother, Mr. Hjalmar Peterson, of Water Glen.

Miss Mamie Peterson played the Wedding March.

The rooms were decorated in pink and white, with an archway, where the bride and bridegroom stood under the wedding bell.

The wedding cake centred the dining room table. Following the ceremony the dinner was served.

Guests at the wedding were the bride and bridegroom's relatives and Rev. E. Swanson and family, twenty-eight in number.

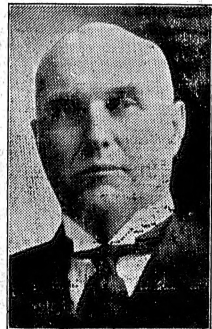

The happy couple, who were the recipients of many lovely gifts, left shortly after the dinner for their home in the Wetaskiwin district.

WHEAT BEING SEEDED IN WETASKIWIN DISTRICT

With the fine, spring-like weather this week, the farmers in the Wetaskiwin district are all busy on the land, and some wheat has already been sown.

It is expected that about one hundred acres of wheat will be sown on the MacEachern farm just north of the city this week. Seeding was commenced on Monday and the land was in good condition. Three varieties are being sown, namely, 22, Registered Marquis and Garnet. P. J. S. Blundell is in charge of the farm.

Chas. Cummings of the Lone Ridge district, is also to the fore in the matter of sowing. On Monday of this week, he sowed about seven acres of wheat, and expects to have about 80 acres in by the end of this week. He is sowing Ruby, which gave him a good crop last year, and he was the first in the district to thresh and market wheat last fall.

WAR ON FOREST FIRES

Hon. Charles Stewart, Minister of the Interior, whose department, in co-operation with Provincial Governments, various Forestry Associations and public spirited citizens, is this week conducting a campaign to focus public attention on the need of prevention of forest fires.

Town Topics

Miss Hinchberger has accepted a position with Mortons Limited.

The many friends of Mrs. Tony Johnson regret to learn that she is confined to the house through illness.

The Ladies' Aid of the First United church will meet in the church on Wednesday afternoon, May 2nd, at 3:30.

The Scandinavian Ladies' Hospital Aid will meet at the home of Mrs. E. Rosenbom on Tuesday, May 1st, at 3:30 p.m. sharp.

The Ladies' Hospital Aid society will hold their monthly meeting in the nurses' sitting room on Tuesday, May 1st, at four o'clock.

A meeting of Peace Hill Chapter I.O.O.F. will be held at the home of Mrs. W. Barry on Tuesday evening, May 1st, at 8 o'clock.

Now is the time to clean up the yards and lawns and remove the refuse which has accumulated during the winter. Read the ad, elsewhere in this issue.

Among the twenty-eight who graduated as nurses from the General Hospital, Edmonton, last week, was Miss A. R. Kelley, of Wetaskiwin. We join in extending congratulations.

W. Stansbury, who was formerly in the employ of the Lacombe and N.W. Railway at Lacombe, has moved his family to Wetaskiwin, where he has obtained a position with the C.P.R.

The friends of Mrs. Thos. Waterson regret to learn that she is not making any headway towards recovery. She has been a patient in the Wetaskiwin hospital for several days.

Rev. Arthur Appelt is attending the Northern Alberta conference of the Missouri Synod at Beaver Hills near Fort Saskatchewan. He visited Prof. A. Rehwinkel on Monday evening in Edmonton.

Word has been received that Mrs. A. L. Elliott is now on the way to recovery, has left the hospital, and is able to move about with some degree of ease. Mr. Elliott is en route home and expects to conduct the services in the United church on Sunday next.

James Cairns has been awarded the contract for the erection of the block being erected by the Wetaskiwin Elks Limited. The excavation has been completed and the concrete work has been started. The building will be of brick and will be completed as speedily as possible.

About thirty Oddfellows and Rebekahs went to Ponoka on Sunday and joined with members of the Order from Ponoka, Lacombe and Red Deer in celebrating the anniversary of the founding of Oddfellowship in America. Nearly three hundred attended the service, which was conducted by Rev. Mr. Francis, in the United church.

This is the week for the concert which will be given by the Canadian Junior College choir and orchestra at the Angus Theatre, Sunday evening at 9 p.m. Professor Bernard Ledington, Mus. B.Sc. and his Choir and Orchestra, will entertain the audience for more than an hour and a half. The first part of the program will consist of numbers by the choir, intermingled with two or three vocal solos, the second part of the program consists of nine selections by the orchestra and a number of instrumental solos. A large attendance is expected. Come early if you want a good seat.

Municipality of Bigstone Deadlocked in Selection of a Secretary-Treasurer

Appointment Left Over Until Next Meeting—By-laws Passed for Expropriation of Land for Road Purposes—Tax Rate of Twelve Mills on the Dollar—Much Discussion Over Road Expenditure

A meeting of the council of M.D. of Bigstone No. 459 was held at Lone Ridge on April 7th. Present: J. L. G. Ratnay (reeve), Councilors C. J. Hanson, Ratnay, John Hanson, Hellmers, Krause and Arnold.

By-law No. 31, a by-law for the purpose of expropriating land for road purposes in West 1/2 21-47-26-4th, was read three times and on motion of Coun. Hellmers finally passed.

By-law No. 32, a by-law for the purpose of expropriating land for road purposes in N. 1/4 25-47-26-4th, was read three times and on motion of Coun. Arnold finally passed.

By-law No. 33, a by-law for the purpose of expropriating land in N.E. 33-45-27-4th for road purposes, was read three times and finally passed on motion of C. J. Hanson.

Motion by Coun. Arnold that C. J. Hanson be appointed as the representative of Bigstone Municipality on the Wetaskiwin Hospital Board, was carried.

The Secretary-treasurer submitted particulars of the grant from the Dept. of Public Works as follows: Capital grant, \$1802.00; income grant, \$282.80.

Motion by Coun. Arnold that capital grant be expended, \$901.00 on the road leading west from Millet and \$901.00 on the road leading west from Wetaskiwin, the Municipality to spend an equal amount on said roads. Carried.

Motion by Coun. Hellmers that income grant be expended as follows: Equal amounts of \$245.70 on the following roads: Main market roads leading West from Wetaskiwin, Millet and Hobbema, and on the road between secs. 21 and 28-45-27-4th, thence west.

Amendment by Coun. C. J. Hanson that income grant be expended in equal amounts of \$69.40 on the market road leading west from Hobbema and the road starting between secs. 21 and 28-45-27-4th, thence west.

Counter-amendment by Coun. Arnold that income grant be expended: \$327.60 on the road between Secs. 21 and 28-45-27-4th, thence west; \$327.60 between Secs. 7 and 8-45-26-4th and 12 and 13-45-27-4th; \$163.80 on the market road leading west from Wetaskiwin, starting at a point between Secs. 9 and 16-46-26-4th, thence west; and \$163.80 on the market road leading west from Millet, starting at a point between Secs. 21 and 16-47-26-4th.

Counter-amendment of Coun. Arnold carried.

Motion by Coun. Arnold that J. Holt be appointed as foreman on the expenditure of the Government grant and that he be paid 60c per hour and ten cents per mile for any mileage necessarily travelled. Carried.

Motion by Coun. John Hanson that the following wages be paid by the Municipality this year: Graderman, 55c per hour; four-horse team and man, 85c per hour; team and man, 60c per hour; single man, 35c per hour. Motion carried.

Motion by Coun. Krause that all councillors fees for attendance at meetings and inspection of roads be paid out of the general expenditure. Carried.

The following estimate of expenditure was then considered, and on motion of Coun. Arnold was approved: Administration—Secretary-treasurer, \$500; auditor, \$100; fees, meetings, \$500; fees, inspection, \$500; convention, \$70; election expenses, \$105; rentals, \$40. Total, \$2015.00.

Public Works—Div. 1, \$3115; Div. 2, \$4241; Div. 3, \$3140; Div. 4, \$4594; Div. 5, \$3867; Div. 6, \$3140. Total \$19,056.00.

Motion by Coun. Krause that all councillors fees for attendance at meetings and inspection of roads be paid out of the general expenditure. Carried.

The following estimate of expenditure was then considered, and on motion of Coun. Arnold was approved: Administration—Secretary-treasurer, \$500; auditor, \$100; fees, meetings, \$500; fees, inspection, \$500; convention, \$70; election expenses, \$105; rentals, \$40. Total, \$2015.00.

Public Works—Div. 1, \$3115; Div. 2, \$4241; Div. 3, \$3140; Div. 4, \$4594; Div. 5, \$3867; Div. 6, \$3140. Total \$19,056.00.

Motion by Coun. Krause that all councillors fees for attendance at meetings and inspection of roads be paid out of the general expenditure. Carried.

The officers elected were: Mrs. N. Beguin, president; Mesdames R. F. Oakes, P. L. Greiner and N. Rasmussen, vice-presidents; Mesdames T. L. Bourque and R. E. Schmitz, secretaries; and Mrs. Curt Smith, treasurer.

The big work of the League and of the parish for this year and for some time to come, will be the financing of the building of a priest's house. This undertaking was finally decided upon just a few days ago. As a first step towards shouldering the burden, Mrs. P. L. Greiner kindly consented to convene a tea and food sale to take place at her home on Thursday, May 17th. The other members of the committee are Mesdames Beguin, McIlhargy and C. Smith.

General—Legal, \$500; Printing, advertising and postage, \$350; grants, hospital, etc., \$900; weeds, \$350; mother's allowance, \$350; relief, \$350; public health, \$150; workmen's compensation, \$150. Total, \$2900.

Motion by Coun. Hellmers: Resolved, that the Council of the M.D. of Bigstone No. 459 authorize and empower the secretary-treasurer of this municipality in the name of the Council to levy on all assessable land in the Municipality as shown by the finally completed Assessment Roll of the Municipality for the year 1928 at a rate of 12 mills on the dollar to meet the expenditures of the Municipality for the year 1928. Carried.

The following applications for the position of Secretary-treasurer of the Municipality were then read: Lillian Smith, Godfrey Baker, J. G. Stewart, C. D. Smith, N. H. Allen, A. R. King, T. S. Steedman, E. R. Hoskins.

Motion by Coun. Arnold that E. R. Hoskins be appointed Secretary-treasurer.

Amendment by Coun. Krause that T. S. Steedman be appointed secretary-treasurer.

On taking a vote both amendment and motion failed to carry.

Motion by Coun. Arnold that appointment of secretary-treasurer be left over until next meeting. Carried.

NEW SETTLER PURCHASES HALF SECTION NORTH OF CITY

An important land sale was made last week by the Smith-Gable Agencies, when Mr. B. D. Anderson disposed of his half section farm, 2 1/2 miles north of Wetaskiwin, to Capt. H. Van Weenen, recently arrived from Holland.

Capt. Van Weenen, who is a former steampship commander of the Holland-America Line, has purchased the farm as a going concern, with the complete equipment of livestock and machinery and is taking immediate possession.

Mr. and Mrs. Anderson have made no definite plans, but will likely take up their residence in Wetaskiwin for the time being.

WETASKIWIN MERCHANTS ARE RIGHT UP-TO-DATE

The streets of Wetaskiwin have quite a flag appearance this week as the flags are flying in front of the business places on account of the sale of the Made-in-the-Empire Goods which is being conducted this week. Nearly all the stores have their windows dressed especially for the occasion, and many of the displays are very attractive and would be a credit to the larger cities. Wetaskiwin is right up-to-date.

ATTORNEY-GENERAL WILL ADDRESS BOARD OF TRADE

A treat is in store for all who attend the combined luncheon of the Board of Trade and the Kiwanis Club on Tuesday evening next at 6:30 p.m. in the banquet room of the Driford Hotel.

The speaker for this occasion is Hon. J. F. Lymburn, attorney-general of Alberta, and he will have something of interest to tell the people of Wetaskiwin and community.

"Are you sure it was a marriage license you gave me a year ago, sir?" "Certainly my good man. Why do you ask?" "Because I've been leading a dog's life ever since."

TO ERECT A NEW PRIEST'S HOME IN WETASKIWIN VERY SHORTLY

The annual meeting of the C.W.L. took place at the Sacred Heart school on the 19th inst. The various reports showed good work accomplished.

The officers elected were: Mrs. N. Beguin, president; Mesdames R. F. Oakes, P. L. Greiner and N. Rasmussen, vice-presidents; Mesdames T. L. Bourque and R. E. Schmitz, secretaries; and Mrs. Curt Smith, treasurer.

The big work of the League and of the parish for this year and for some time to come, will be the financing of the building of a priest's house. This undertaking was finally decided upon just a few days ago. As a first step towards shouldering the burden, Mrs. P. L. Greiner kindly consented to convene a tea and food sale to take place at her home on Thursday, May 17th. The other members of the committee are Mesdames Beguin, McIlhargy and C. Smith.

The need of a Priest's house is, of course, only too apparent, so it is hoped that this first undertaking will be objective.

The bazaar is to take place on Tuesday crowned with success fitting to the day, December 4, 1928.

TIMES PUBLISHED PICTURE BY WELL KNOWN ARTIST

The illustration of the Order of Good Times recently published in this paper was from a painting by the well known Canadian artist C. W. Jeffreys, and was originally published in Nelson's Pictures of Canadian History. It was a scene representing a feast of the Order which was organized by Samuel de Champlain in 1606 to keep up the spirits of the garrison of Port Royal.

60 PER CENT. CANADA'S FOREST DESTROYED BY FIRE

Canada's forests are going fast. Yet how many people in this country betray any concern?

As long as Canadians pay no attention to forest facts, the mischief will go on.

Sixty per cent. of Canada's original forest wealth has been destroyed by fire!

Thirteen per cent. has been cut by axe and saw.

Twenty-seven per cent. is left as the capital to supply an increasing and an insatiable demand for lumber and paper and other products.

Twenty-seven per cent. in a few generations we have reduced our capital to 27% of the original. And what have we to show for it? We have some cleared agricultural land which once was forest, but this in the case of the best farming regions at least, was chiefly hardwood forest. Our cut-over coniferous forest area is largely rough sandy, rocky land of little use except where minerals may have been deposited.

Canadians should think over these things. "Canadian Forest Week" is an effort to have them do so. It means much to the future of this country. Unless the remainder of our forest capital can be protected and wisely used, in twenty-five years, at the present rate of destruction by fire and axe, we will have used up all our available timber.

Forestry experts claim that if fire can be kept out, Canada's forest growth each year will provide all the timber and pulp wood required. The chief problem, however, is not how to fight fire, but how to prevent it. Every man, woman and child who goes into the woods should know the danger and feel the responsibility.

Hon. Charles Stewart, Minister of the Interior, is doing a national work in organizing the fight against forest fires. The people of Canada could do

infinitely more, however, by exercising care to prevent them.

A SIMPLE BUSINESS PROPOSITION

To ask you to purchase your goods in your own community is simply asking you to give your local market an opportunity to meet your requirements; asking you to help the town in your trade territory that is trying to provide the necessary merchants, stores and equipment to serve you faithfully, honestly and economically; asking that you keep your money as near home as possible, and also asking that you assist in building up one of the most progressive districts in Western Canada.

But, mind, you are not being asked to do this thing to your own detriment or loss. You are only being asked for an opportunity of meeting your requirements. If after you have given this opportunity to the merchants in your own community, and you find their service, price and goods do not come up to your expectation, then they will not expect you to continue your patronage with them. Your local merchants' prices on all commodities will stack up with the best, and they want to build up their business on prices, quality, competition, and not on sympathy.

So when you are asked by your community merchants to buy at home, their means business, and business means prices. A fairer proposition than this couldn't be expected by anyone. Isn't it to your advantage to have a thriving community? Doesn't it improve your investments in the district? Isn't a thriving community a reflection of what kind of people are living in the district?

Then do your part, give your community merchants a chance to serve you. That's all they ask.

THE USELESSNESS OF EDUCATION

An indignant parent called at a school in Clydebank to interview a lady teacher about her daughter's punishment on the previous day.

"Well," said she, "you will be Miss So-and-so. And what did you do to punish our Mary?"

The teacher explained that Mary had not been able to say her geography, and when she was told to learn it she did not obey.

"Aye, and what's her jorrigity? Look at me. Merril the best man that ever lived; one room and kitchen, Brown's Buildings, Clydebank, gas and coal fires, and I never learnt jorrigity. There's my sister, too, Merril, two rooms and kitchen, Mill Road, Yoker, very select place, and she never learnt jorrigity. And there's my other sister, too, Merril, three rooms and kitchen, grates set in, hot water in kitchen, fine street in Whiteinch, and she never learnt jorrigity. My youngest sister, too, Merril, semi-detached villa in Kelvin, husband band speaks gentry, saving up for a motor car, mind you not a 'no-er,' very fine house, grates set in, hot and cold water, electric light, and she never learnt jorrigity. And there's you, wi' a' your jorrigity, an auld maid, and canna get a man."

TEN "SURE-DEATH" RULES FOR FARMERS

An exchange paper publishes the following ten rules for farmers who desire to go broke. There are various other ways perhaps, but anyone wishing to be sure of going broke, would do well to heed these. Here are the ten rules:

1. Grow only one crop.
2. Keep no livestock.
3. Regard chickens and a garden as nuisances.
4. Take everything from the soil and return nothing.
5. Don't stop gullies or grow cover crops—let the top soil wash away, then you will have "bottom" land.
6. Don't plan your farm operations. It's hard work thinking—trust to luck.
7. Regard your woodland as you would a coal mine, cut every tree, sell the timber and wear the cleared land out cultivating it.
8. Hold fast to the idea that the methods employed by your grandfather are good enough for you.
9. Be independent—don't join with your neighbor in any form of co-operation.
10. Mortgage your farm for every dollar it will stand to buy things you would have the cash to buy if you followed a good system of farming.

BY-GONE DREAMS

Today, as I look through the window.
My heart is filled with woe;
For I left the home I loved so well
Just one short year ago.
A short year did I say? Ah, no!
How long it seems to me;
Since I left my own dear land to cross
The wild Atlantic sea.
That home, the dearest spot on earth,
The friends so true and brave;
And a well-worn face I never shall see
This side the cold, dark, grave.
Caird's woods, to me how fair;
And with joy that is almost pain,
My heart goes back to wander there,
And among the dreams of the days
That were,
I find my lost youth again.

When I think on those happy days
In the springtime of my years,
No wonder that my heart is sad
And my eyes are dim with tears.
But as I look o'er this beautiful land,
Sure, sorrow seems but vain.
For I'll meet my friends in that Better
Land,
And we'll never part again. —E.P.

BARGAINS

(Walt Mason)

I took a handsome roll of kale and visited the bargain sale at Finkum's doodad store. Handbills announced, in strident tones, that things which sold for seven bones could now be bought for four. It was a carnival of trade, and gray beard, matron, youth and maid blew in the shining planks, they purchased lids and silken socks, and Saratoga trunks. It's difficult, I wot and wist, this sort of frenzy to resist, and so I joined the gang; I purchased things till late at night, I blew my kopecks left and right, and felt no twinge or pang. I thought that I was very wise; "the prudent man," I muttered, "buys when things are cheap as dirt;!! and so I flashed my roll of bills, and bought a churn, two sausage miller, a gun, a buckskin shirt. Because I found them passing cheap I bought a couch on which to sleep, an icebox and a mat, I bought some pictures framed in oak, some boxing gloves, a ton of coke, a choice Angora cat. I thought, when I was homeward bound, that I had shown a judgment sound, in buying things while cheap; but morning brought me feelings punk and when I surveyed the pile of junk, and watched the women weep, "There's nothing here," my folks decreed, "for which we have the slightest need, it's rubbish, first and last; oh, pile it up 'twixt barn and byre and set the meaty stuff afire, while neighbors stand agape."

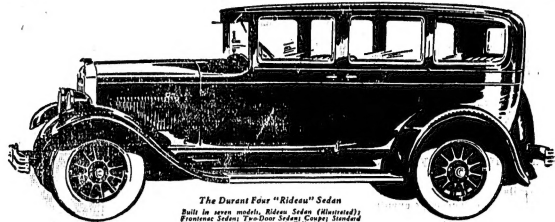

BABY'S FOOD

We believe that every mother wishes to do what is best for her child. A great responsibility rests upon each mother. Upon the mothers of this country depend the health of the citizens of the next Canadian generation. The infant is absolutely dependent upon his mother. Beyond his ability to express pain and hunger by crying, he is a very helpless creature. It is this extreme helplessness that is, in many ways, so appealing, while, at the same time, it makes great demand upon the mother.

Much of the sickness and many of the deaths which occur amongst in-

"Establishing a New Standard in Automobiles"

THE NEW DURANT FOUR

The Durant Four "Riders" Sedan
Built upon modern, Riders Sedan (thoroughly
Engineered Sedan) Two-Door Sedan (thoroughly
Engineered Sedan) and Collector's Sedan.

When you see the new Durant Four you will realize that this car positively sets a new standard for automobiles. You will be impressed by its size, its newly designed radiator and the very modern lines of its Durant Built, Hayes-Blunt body. After you have examined it thoroughly the fine upholstery . . . the comfortable seats . . . ask for a demonstration. The improved Red Seal Continental Motor will surprise you. You will unconsciously

compare its power and speed with that of six cylinder performance. The long wheel-base, the greater flexibility of the motor and the Bendix 4-wheel brakes give you that satisfaction usually associated only with more expensive cars.

Convince yourself that there is no four cylinder car on the market that looks better, rides easier or offers more value per dollar than the new Durant Four. . . Ride in it . . . Drive it . . . You'll!

PRaises CANADIAN HOSPITALITY

Baron Perenyi, Minister of the Interior for the Republic of Hungary, who visited the Hungarian settlements adjacent to the lines of the Canadian National Railways in Western Canada recently, expressed himself as much impressed by the help which Canadian-born citizens are giving newly arrived Hungarians in settling on the land and generally establishing themselves in Canada.

"Canada is a place where anyone can make an honest living with hard work," His Excellency said. "All that has been said of Canada is true. It is a land of real opportunity and I shall certainly come back again where I find so many of my countrymen happy, contented and prosperous."

The photograph shows Baron Perenyi on the left and Albert Palisz, noted Budapest editor on the right. Mr. Palisz visited Canada three years ago and published a book, "The Hungarians in Canada," which attracted many Hungarians to Canada.

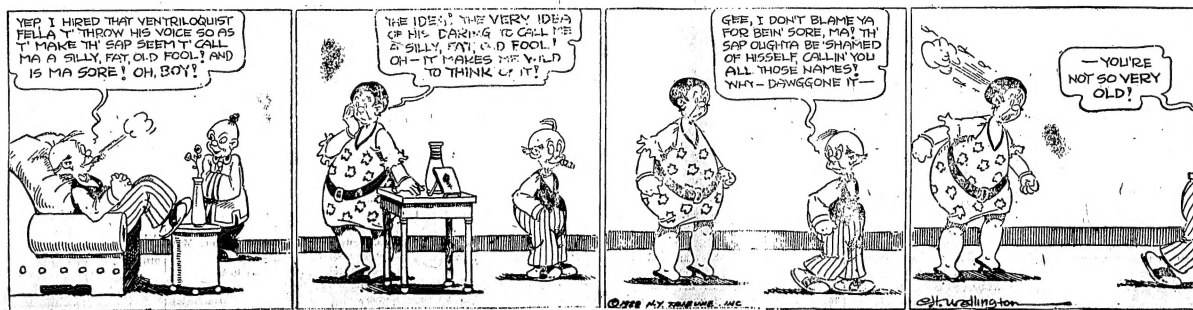

Canadian Movies?

Here is one reason why people are beginning to think that Canadians can produce their own motion picture films. Norma Shorer, now wife of Mr. Irving Thalberg, youngest film producer known. Norma is a Canadian girl who worked her way from her Montreal home through the vicissitudes of Hollywood to fame. She, her husband and Captain S. G. S. McNeill, skipper of the world's fastest ocean liner, the Canadian Mauretania, are seen in a merry moment on that liner's decks before sailing for the Mediterranean Sea where Norma will begin her honeymoon aboard the big ship this spring.

• MADE AT NIAGARA FALLS •

Our Ottawa Letter

(By Wm. Irvine, M.P.)

This week I shall write a little about private bills. Certain bills are called Private Bills merely to indicate that they are being sponsored by private members and not by the government. Most of the bills granting charters, etc., are private bills introduced by private members. Sometimes when a government is anxious to put through a bill of this kind it will have it introduced by a private member thus gaining its end without being held responsible for the bill. I do not know whether or not the present government is doing anything of this sort this year, but charges of this character were made by Hon. Mr. Ryckman, a Conservative front-bencher, a few days ago when discussing one of the several Bridge Bills before the House.

It will be seen at once that a Private Bill may have a great public significance. In fact, several private bills now being discussed are entirely public in their character although introduced by private members and in the name of certain corporations. I propose to give a few details in connection with one or two of them.

Bill No. 14 on the Order Paper and Bill No. 23 may be considered together as they both have to do with the building of toll bridges across international streams; both bills are drawn in almost the same terminology and giving similar privileges to the separate companies in the names of which the bills are drawn. Bill No. 14 is an act to incorporate Niagara Falls Memorial Bridge Company and Bill No. 23 is an act to incorporate the St. Clair Transit Company.

The principle of these bills is wrong and on that ground chiefly the U.F.A. members and a few others from both sides of the House parties have opposed them. Toll bridges are on a par with toll gates on public highways. Toll gates were abolished long ago, but toll bridges still persist in certain parts of Ontario. The toll bridges now in operation are extremely remunerative and hence the rush to build more. There were no fewer than four bills for the building of toll bridges across the Niagara River this year. Hon. Mr. Chaplin, a Conservative, strenuously opposed these bills on the ground that they were not required and also that more bridges would interfere with the scenic beauty of the Falls.

Notwithstanding the wrong principle of the bills referred to, parliament was and is ready to pass them. They have gone through the committee stage with large majorities. Apart from the wrong principle of toll bridges I opposed section 12 of the bills which gives legal authority to the companies concerned to water their stock to any degree they may desire.

Cook's Regulating Compound

A safe, reliable, regulating medicine, sold in three degrees of strength—No. 1, \$1.00; No. 2, \$0.50; No. 3, \$0.25 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor).

Stock watering has been a common practice both in the U.S.A. and in Canada. The public protests against this because in every case the public is charged extra to pay dividends on stock which never existed. But is it not a strange thing that a majority of the Canadian parliament voted to legalize stock watering. It is nothing short of legalizing fraud at the expense of the voters which elected the members so voting. We contend that if these bridges are necessary they should be built by the governments concerned, but if they are to be built by private companies and operated on the antiquated toll system for private profit, the public should be protected against the stock watering provided for in Section 12 of the bills.

My amendment was defeated in committee by the casting vote of the Deputy Speaker, Mr. Johnson, from Saskatchewan. Why he should want companies to have legal authority to water stock would be a good question for his constituents to ask him at the next election. Fortunately, however, the Governor of the State of New York was more alive to public interest than the Canadian parliament. The Niagara bridge crosses an international stream. Therefore, it is required that similar legislation to that passed by the Canadian parliament must be passed by the State of New York or by some other U.S.A. authority. In this case the bill came before the New York State Legislature and was voted by Governor Smith. He said in respect thereto on vetoing the measure—"If such a bridge is to be built over international waters it should be constructed jointly by the United States in conjunction with the

Speeding up Freight Service

The recent installation of Mack Tractors and Lapeer Trailers by the Dominion Transport Company Limited, for the transfer of L.C.L. freight between the Canadian Pacific Place Viger freight sheds and their outlying terminals in this city, was demonstrated before E. W. Beatty, Chairman and President, and other executives of the railway outside the Windsor Street Station.

Mr. Beatty was specially interested in the mechanism by which the trailer is connected up with the tractor. This is done by the simple operation of backing the tractor slowly into the trailer. Uncoupling is actuated from the tractor by the simple moving of a lever. The President had these operations performed several times and expressed his appreciation of their simplicity.

Coupling and uncoupling of the trailer is operated by means of a mechanism known as a fifth wheel which is bolted to the tractor frame and upon which the front end of the trailer rides, interlocks itself mechanically with the trailer through the use of railroad type double locking jaw couplers. Brakes of both the tractor and trailer are applied individually and separately by the driver and are at all times under his control. Were it possible for a trailer to become disconnected from a tractor at any time when in motion, the brakes of the former are automatically applied bringing it almost immediately to a stop.

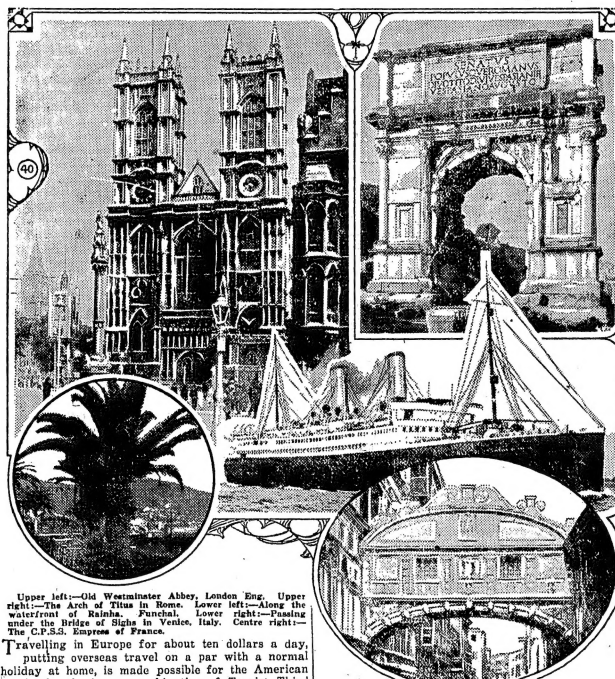

Through the use of a "Dolly" which consists of a fifth wheel mounted on a pair of road wheels, two or more attendant trailers may be attached to one tractor thereby forming a tractor train and by so doing much increasing the total load capacity. With the addition of the extra trailer wheels the total weight of the vehicle and load is divided over a greater road surface tire area, thus overcoming the deteriorating effect of heavily loaded trucks on the highways and city streets.

The capacity of the trailers used is 10,000 to 15,000 pounds with an inside dimension of approximately 18 feet long, 6 1/2 feet wide and 7 feet high. The tractor is of the internationally known "Bull Dog" type and its draw-bar pull is far in excess of anything that will be required of it, but was deemed advisable to use in view of the heavy road conditions prevailing in Montreal during the winter months.

While the tractor is of standard Mack design, the chassis is so in the case of the trailer, the body being built and finished in the Transport company's plant in Montreal. The body is of oak throughout with a sheet metal covering and the whole equipment is highly finished in dark blue with red wheels and undergear, the standard colors of the company, making a very handsome appearance. The centre side panels or sliding doors of the trailer as well as the rear doors and front panel are decorated with the Maple Leaf and Beaver, insignia of the Canadian Pacific Railway. The doors of the tractor bear the same crest. The Dominion Transport Company have at present nine trailers in operation and will increase this number to twelve in the next few weeks. Similar automotive equipment has been ordered for use in Toronto by the company.

Mack Tractors and Lapeer trailers represent the latest and most efficient method of handling freight. It consists of spotting one or more trailers at strategic points where freight is to be picked up. When the trailer is loaded the tractor calls for each in turn, taking them to their respective destinations under what is known as the Shuttle System. By this method no time is lost by full trailers waiting to be moved, as they are operated on an hourly schedule between each of the outlying freight depots and the central station, thereby giving the merchants and manufacturers of these outlying districts the same despatch with their freight as those who are more centrally located.

Dreams of Visiting Old World Countries Come True

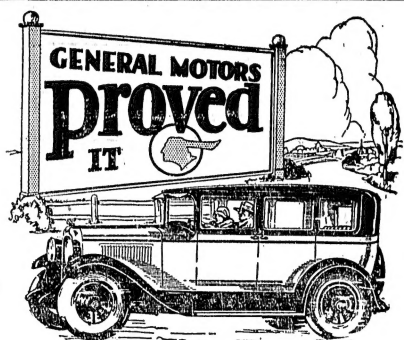

Upper left—Old Westminster Abbey, London, Eng. Upper right—The Arch of Titus in Rome. Lower left—Along the waterfront of Rialto, Venice. Lower right—Passing under the Bridge of Sighs in Venice, Italy. Centre right—The C.P.S.S. Empress of France.

Traveling in Europe for about ten dollars a day, putting overseas travel on a par with a normal holiday at home, is made possible for the American tourist by the happy combination of Tourist Third Cabin Class on the magnificent Atlantic fleet of the Canadian Pacific Steamships and the tours arranged in the old world by the Arts and Crafts Guild of Chicago. It is shown by the figures released by these companies. The creation of this new class of ocean travel on Canadian Pacific vessels has made travel possible for many thousands who have been unable to consider fulfilling their hopes, and during the past few years it has become fully established in popularity. The economy effected by this class of ocean passage makes a comprehensive European tour possible for every traveller, who during the Atlantic voyage enjoys surroundings and comforts equal to those until recently associated only with first class accommodation. Staterooms are above the water line, each with hot and cold running water, and the public rooms—card rooms, drawing rooms, smoking rooms, dining saloons—are commodious and tastefully furnished. Orchestras are carried for special entertainments and dancing. These take place on the broad promenade decks or within doors.

Itineraries ranging from thirty-two to seventy-three days in extent, including the ocean passage, are possible for the traveller under the Continental Collegiate Tours organized by the Arts and Crafts Guild of Chicago. The charm of these tours is realized right from the start, for during the thousand mile journey down the mighty St. Lawrence and through the Gulf the boats pass scenery rivaling that of any river trip in the old world for beauty and picturesque-ness.

Once overseas there is nothing of importance or interest missed by the tours of the Guild. In England they include the Shakespeare country and London; in the "Low Countries," the best of Belgium and Holland; in Germany, the Rhine and her great castles; in France, Paris—of course—and the lovely Riviera with Monte Carlo in its midst; in Switzerland, the Alps; to the south the cities of sunny Italy and romantic Spain; and to the north, in the "Land of the Midnight Sun," Norway and Sweden. Everything in fact that the traveller is anxious to see may be visited on these tours.

THE vast resources of General Motors made possible the high standards of Pontiac performance and value.

Into the New Series Pontiac Six have gone the results of experience gained in the building of millions of cars . . . of discoveries made in the great General Motors Laboratories . . . of authentic styling and master craftsmanship developed by the General Motors Fisher body builders . . . of the manifold economies in General Motors purchasing and production!

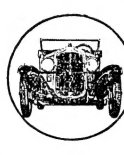

And, back of the New Series Pontiac Six, are millions of miles of relentless testing on the General Motors Proving Grounds.

The performance, the comfort, the quality, the durability of the New Series Pontiac Six are WELL-KNOWN quantities . . . General Motors has proved them.

Canadian Government or by the State of New York in conjunction with the Canadian province affected; to authorize privately-owned toll bridges is a step as backward as to authorize privately-owned highways, under the wording of these acts the franchise is practically made perpetual."

Governor Smith of New York, thus saved Canada, as well as his own state from a backward step in respect to one of these bridges. But what of the others? The State of Michigan will have to decide in the case of the Sarnia bridge. Will the Governor

there take similar action? It is to be hoped he will. Meanwhile, we will continue to take these bills out and thus save parliament from raising its hand against itself.

There are two other private bills of great public importance which ought to be commented upon. These are the Sun Life Bill and one providing for an increase of 75 million dollars in the capital stock of the Bell Telephone company. I shall write of these next week.

PRESENTATION IS MADE TO
REV. W. H. IRWIN AND
MRS. IRWIN, MACLEOD

Macleod, April 19.—The Rev. W. H. and Mrs. Irwin, of the United Church, Macleod, were presented with a handsome engraved clock and two bronze book-ends by the members of the eulogion class of the church, which Mr. Irwin has been instructing for the past two years. The presentation was made by Mrs. J. B. Sutherland, who spoke in glowing terms of Mr. and Mrs. Irwin's work while in Macleod. Their departure meant a great loss to the town.

The Rev. W. H. Irwin thanked the assembly on behalf of his wife and himself, and said they would always look upon the years spent in Macleod as some of the happiest in their lives. The Rev. W. H. and Mrs. Irwin have been in Macleod for the past three years, where Mr. Irwin has been in charge of the United Church. He has just accepted another parish.

IRISH AIRMAN TELLS
OF PERILS FACED ON
WESTWARD SEA DASH

Murray Bay, Quebec, April 18.—Major Fitzmaurice, Irish member of the German-Irish trans-Atlantic flight, landed here at 2:27 p.m. in the Canadian Airways plane piloted by Duke Schiller. They hopped off from Clarke City at 1 p.m., the distance being approximately 300 miles.

Seven islands, Que., April 18.—For more than 400 miles of their perilous trans-Atlantic flight, the Irish-German crew of the monoplane, Bremen, was utterly lost in the grip of a blinding blizzard and dense fog.

This fact was disclosed by Major Fitzmaurice, one of the trio who crossed the Atlantic last week, in the first connected story of the flight given to newspapermen.

The Canadian Press Correspondent, who flew from Murray Bay to this point, met the major, who was proceeding by plane from Greenly Island to Murray Bay. With another newspaperman, he was the first regular representative of the press on this continent to greet the flier.

From statements made by Major Fitzmaurice, it appears that the Bremen made a perfect start from Balldonne aerodrome. The plane functioned perfectly and aided by favorable winds, good speed was made for the first 900 miles. From then on conditions changed. Night was coming on. A blizzard was encountered which lashed the machine from right to left. First the machine was rocked by a head wind, then a tail wind

twisted it. The fliers learned in that storm one of the reasons why their predecessors had failed to weather such fury.

The storm grew worse and reached an intensity that had never been anticipated. For hours the aviators frankly expected every minute to be their last. The staunch Bremen, however, stood up under the battering, though its progress was seriously retarded.

When about to turn towards Cape Race, the lighting system of the plane failed. Captain Koehl was in the cockpit and was compelled to fly blind. He had no idea whether the plane was on an even keel or where he was going. Attempts were made to illuminate the compass with torches, but this was not successful. To make sure they were not traveling too far off their course the plane was zig-zagged from time to time.

After this trying experience, the fliers, who had almost abandoned hope, saw when day began to break, that they were headed generally in a western direction. They corrected the plane's flight to the best of their ability when the compass could be read.

They estimated that they must be near land. As the day wore on, the second flight began to disturb the fliers. They were running short of gasoline. The effort to keep up speed in the blizzard they had passed through and loss of distance by zig-zagging had made tremendous inroads in their gas supply. It was decided that New York could not be reached and that a landing place must be found as soon as possible.

A dense fog came on and in this they flew around trying to find a spot to land on. The fliers estimated they should be near Belle Island and this guess turned out to be remarkably accurate.

At 8:30 through a hole in the mist they spotted what they imagined to be the funnel of a steamer stuck in the ice. It actually turned out to be the lighthouse on Greenly Island. Coming down closer they discerned a small lake with apparently a good solid surface of ice. The pilot made a perfect landing but the ice gave way and the wheels of the machine broke through it.

CLAIMS POOLS BOOST
WHEAT BY 50 CENTS

Lincoln, Neb., April 24.—H. W. Wood, connected with the Canadian wheat pool since its inception, told the National Wheat Pool committee Monday how the association had advanced from 10 to 50 cents in the price of wheat in the dominion. The pool

this year is handling the wheat grown by 140,000 farmers and about 66 per cent of the whole Canadian crop. Mr. Wood is president of the Alberta pool and vice-president general co-operative Pool organization.

"For no reason I know," he said, "other than the Canadian pool and other centralized selling points the price of wheat in Canada since the organization of the pool has been from \$1.35 to \$1.50 a bushel; that is 30 cents more than in the United States. The British millers, who are the most efficient buyers in the world, realize the fact that the Canadian wheat pool is a big bull factor."

"If the farmers of the United States will but organize and put 200,000,000 bushels with Canada's output going through their pool, farmers will be guaranteed two dollar wheat." He added that the first great obstacle in forming a pool is the farmer himself.

SENTENCED TO THE FORT
ON CHARGE OF THEFT

At a sitting of the district court held here on Tuesday, with His Honor Judge Lees presiding, Mike Kachmar of the Calmar district, was found guilty to the charge of robbing a rural mail box of a parcel sent to another party by The T. Eaton Co. Limited. He was sentenced to six months in the Fort Saskatchewan jail.

LOUIS FRANKLIN GIVEN FIVE
YEARS, MANSLAUGHTER

Drumheller, April 19.—Louis Franklin, farm hand, was on Wednesday afternoon found guilty of manslaughter by a jury, and was sentenced by Justice Tweedle to five years at Fort Saskatchewan penitentiary. The charge arose out of the shooting of Ray Shultz, another farm hand.

Franklin was tried on a charge of murder, but the jury reduced this to manslaughter.

LIBERAL WOMEN IN CON-
VENTION AT OTTAWA, ONT.

Ottawa, April 20.—"Personally," said Mrs. Mary MacCallum Sutherland, of Shellbrook, Sask., in addressing the national assembly of Liberal women today, "I do not think that the best thing for men and women is to be segregated into political organizations for the different sexes. If there is one place where men and women should work together, it is in politics. Politics that are for the benefit of men are without exception for the benefit of women and vice-versa."

Hon. Mary Ellen Smith, M.L.A. for Vancouver, then rose, "Women's work is on the avail today," said Mary El-

len, "and I hope it will be beaten out of pure gold."

"Organization is the keynote. Re member men are not perfectly organized yet, and when we accomplish that we will have many laps ahead of the men."

"Organization is a woman's job," she added, "but it is up to the men to do it."

Dr. Grace Ritchie England, of Montreal, famous social worker and reformer, protested against the position of women in the province of Quebec. "The women of the province of Quebec occupy a unique and illogical position, a most unfortunate position. We are in the possession of the federal franchise but not the provincial."

"When," went on Dr. England, "there is a provincial election our women are sternly impressed with the fact that they are not wanted, that they are not allowed at the polls, and that for them, on election day there is no place like home. Church and state unite to keep them there."

"The picture changes on the approach of the federal election day. Women voters suddenly become important. They are urged to abandon their homes and children; to forget their kitchen stoves. Their way to the polls is facilitated by comfortable limousines."

Mrs. A. M. Young, of Saskatoon, struck the characteristic western note, the need of co-operation between men and women.

PUNISHMENT

(By Walt Mason)

The criminal sat in the jail, a picture of despair, and now and then he heaved a sigh, again he tore his hair. "He has been wearing cheerful grin," he said-eyed turnkey said, "but now his punishment begins, to last until he's dead. It was indeed a horrid crime, for which they brought him here; at first he had a pleasant time, and smiled from ear to ear. His name was blazoned large in print, with an atrocious tale, and all the

people here would sprint to see the dead in jail. He had the shoddy sort of fame that egotists enjoy; the land resounded with the name of this wolf-hearted boy. Then he was happy in his cell, he did not read his hair, and all the world seemed passing well, and right side up with care. But other men committed crimes as vicious as his own, on many days, in many climes, the law was overthrown. Some new assassin draws the crowd as he goes forth to slay; oblivion must then enshroud the crime of yesterday. This criminal is now alone, in solitude he hates; no large bouquets are at him thrown by sentimental slaves. The flappers do not come to gloat about his dungeon dream, the journals will no more devote their space to his career. He gloried in the punk renova the monster sometimes wins; but now he's sick and broken down, his punishment begins. The weary years will crease his brow, and frost his auburn hairs, and it is punishment enough, to know that no one cares."

NEWSPAPER LAWS

Excerpts from Newspaper Law, printed for the benefit of any reader who may have mistaken ideas regarding same:

1. A postmaster is required to give notice by letter (returning the paper does not answer the laws) if the subscriber does not take the paper out of the post office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether

he subscribes or not, is responsible for payment.

4. If a subscriber orders his paper stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it out of the post office. This follows the principle that a man must pay for what he uses.

"A lot of the people in Millet would like to have me come back and live there," said a former resident of Millet, who left there some time ago. "Really?" replied a friend. "Yes, I get letters from some of the leading citizens every so often saying that they would like to have me come back and settle," he replied.

THE GOLF WIDOW'S LULLABY

Hush-a-bye, baby, pretty one, sleep, Daddy's gone golfing to win the Club sweep;
If he plays nicely—I hope that he will, Mother will show him her dressmaker's bill.

Hush-a-bye baby, safe in your cot, Daddy's come home and his temper is hot;
Angels watch over you—angels from Heaven—Daddy went round in a hundred-and-seven.

SPORTS

Soft Ball League Opening Tonight

The first game of the newly-organized Soft Ball League will be played this (Thursday) evening. The Moose will meet the Kiwanis and the Elks will play the Creameries on the corner lot south-east of the Alexandra School. Both games will start at 7:15 sharp.

The schedule until the last of May will be:

Thursday, April 26—Elks vs. Creamery; Moose vs. Kiwanis.

Monday, April 30—Creamery vs. High B; Moose vs. Bankers.

Thursday, May 3—Elks vs. Clerks; Kiwanis vs. High A.

Monday, May 7—Clerks vs. High A; Bankers vs. High B.

Thursday, May 10—Elks vs. Kiwanis; Moose vs. Creamery.

Monday, May 14—Elks vs. Bankers; Moose vs. High B.

Thursday, May 17—Creamery vs. High A; Kiwanis vs. Clerks.

Monday, May 21—Elks vs. High B; Creamery vs. Clerks.

Thursday, May 24—Moose vs. High A; Kiwanis vs. Bankers.

Monday, May 28—Moose vs. Clerks; Creamery vs. Bankers.

Thursday, May 31—Elks vs. High A; Kiwanis vs. High B.

FRANK LOCKHART KILLED TRYING WORLD'S RECORD

Daytona Beach, Fla., April 25.—Frank Lockhart, noted automobile racer, was killed almost instantly here today when he lost control of his machine while racing down the beach at more than 200 miles an hour.

Lockhart had made three fast trips in his Stutz Blackhawk special and was approaching the grandstand on the fourth when his car appeared to hit a soft spot in the sand. It turned endwise several times, leaped high into the air and made several barrel rolls before landing. Lockhart was thrown out face downward upon the sand.

TORONTO CHALLENGERS LOSE OUT TO EDMONTON GRADS

The biggest crowd of fans to attend a sporting event here in several years saw the Canadian women's senior basketball team against the Toronto Lakesides at the arena last night. The score for the match was 33-22, making the total count on the two-game series 62-49. Incidentally it's the closest

count since the Chicago Brownies handed the locals a scare some seasons ago.

When the Grads barely managed to pull out with a two point lead on Saturday night there was talk about the city of "taking things too easy to get a good game on Monday" and the like. While it was apparent through the greater part of last night's tussle that the Edmontonians had things in hand, it was only due to the fact that they were battling as they have never been forced to do since the formation of the present team. This year's edition of the Lakesides is undoubtedly the most formidable aggregation that has ever faced the locals at the arena. All of which reflects the greatest credit on the team that boasted them.

It was a tough match, no mistake. Fight fairly bristled from each aggression from the opening whistle and within three minutes of the start of the game five penalties had been handed out. While this pace was not steadily maintained the referees were, nevertheless, kept on their toes all the way, imposing ten persons and one technical on the Grads and eight persons and a technical on the Lakesides.—Edmonton Journal.

INCREASING POWER DEVELOPMENT

The water power on the Bow River at its junction with the Ghost River, has been leased to the Calgary Power Company, and Premier Brownlee has consented to this, Hon. Charles Stewart announced at Ottawa. The question of Spray Lakes power was left in abeyance.

The additional power secured at the Ghost site will be sufficient to take care of the requirements of the Calgary Power Co. for the next five years. The Minister of the Interior stated that the lease of the power is on the "usual standardized terms." The cost will run well over two millions. It is

WAS AFRAID TO EAT INDIGESTION SO BAD

Miss J. Mathews, 154 North St., Halifax, N.S., writes:—"For quite some time I suffered from indigestion and was afraid to eat I suffered so after. I told my trouble to a friend and she told me how she used to suffer with the same thing and how."

BURDOCK BLOOD BITTERS

relieved her, so I took two bottles, and I will never regret the day I did as I am happy to say I can eat anything and not be bothered with indigestion after."

Provincial Weekly News Bulletin

(Issued by Publicity Commissioner, Government of Alberta, Edmonton.)

Grain Cleaning Plant Had Busy Season
Approximately 40,000 bushels of registered Marquis wheat and Victory and Banner oats were cleaned, graded, registered and marketed by the Provincial Cleaning and Grading Plant at Edmonton during the past winter, states Field Crops Commissioner W. J. Stephen. In addition a considerable quantity of high grade registered and No. 1 seed has been sold on commission for farmers whose grain was not

accepted at the plant, and a further 25,000 bushels of registered seed could have been disposed of if it had been available.

The fact that fully 95 per cent. of the grain passing through the plant was sold to Alberta farmers indicates a recognition of the value of seed grain which is clean, of good quality and true to variety.

Alberta Streams Being Stocked With Game Fish
A total of 1,624,675 potential game

fish were distributed in Alberta fishing waters in 1927, according to the annual report of the Dominion fisheries branch. Those included eyed eggs, fry and fingerlings of Loch Lomond, Cut-throat and Rainbow trout. In addition nearly three million whitefish eggs were placed in commercial fishing waters in order to maintain the supply of fish for this growing industry in the province.

Large Increase in Alberta's Exports
An increase of \$40,765,160 in the value of crop and livestock products actually exported from Alberta during the crop year 1927-28 as compared with the year 1926-27 is shown in a publication recently issued by the W. Sanford Evans statistical Service of Winnipeg. The total value of the grain and livestock shipped from the province in the crop year 1927-28 is placed at \$150,980,167 as compared with \$110,212,007 in the previous year.

New Text in Civics
The Department of Education has just issued a manual in Civics intended for use in the High School grade. This little booklet of approximately seventy-five pages contains material with which every citizen should be familiar. It was written by Professor Burt of the University of Alberta, admittedly an authority on this subject. While the treatment follows in a general way the topics included in the civics section of the third year history course, yet nothing has been included that is not of genuine interest to anyone who desires a brief statement, not only of our present practice in government, but the foundations on which it rests.

Legume Cures Ready for Distribution

Nitro cultures for the inoculation of the various legume crops are again being distributed this season from the Vermilion School of Agriculture. Over 4,000 bottles of these cultures were sent out last year to farmers in various parts of the province. The crops for which cultures have been prepared include mammoth red, crimson, white, sweet, alsike and Egyptian clovers, alfalfa, vetches, peas, perennial peas, sweet peas, garden beans, broad beans and scarlet runner beans.

Arbor Day May 7th
Many school grounds, parks, lawns and boulevards in the province will be improved by the planting of trees on Monday, May 7th, which has been named by the Lieutenant Governor in Council as Arbor Day in Alberta.

Magistrate: "Were you hurt in the melee?"
Colored Man: "Naw, sir, I wuz hit in de stomach."

Nervous and Miserable Through Constipation

"Fruit-a-tives" Restores Vigorous Health

MR. D. DUFFERSON.
The drowsy, fatigued condition that usually goes with constipation is a serious handicap. Overcome it. Be healthy by taking "Fruit-a-tives". Read this letter: Maxville, Ont.—"The results are marvellous. That nervous, tired feeling has completely gone. 'Fruit-a-tives' has made a new man of me!"
—Mr. Donald Dufferson.

"Fruit-a-tives" is the intensified juices of ripe, fresh fruit, blended with stimulating tonics. It is the stoutest natural foe of constipation. Gentle, natural and positive in its action, it builds the system to function properly without the constant use of laxatives. 35c and 50c at all druggists. Try it—today.

NEW GRADES FOR WESTERN WHEATS

The government has introduced a measure at Ottawa to give official recognition to grades of white spring wheat. It appears that the chief grain inspector has advised that a large quantity of this wheat has been produced in the West and that new varieties are being introduced almost yearly, with the result that the quantity has increased to such an extent that it is considered advisable to classify it. This is being done in grades from No. 1 to No. 5, under the name of "Canada Western White Spring Wheat." Wheat of this sort has been classified in the past as "No Established Grade" which has hindered sales. The crops of the last two years have been sold under the grades of No. 1 to No. 5 Canada Western White Spring Wheat and this has given satisfaction. An amendment to the Canada Grain Act is now proposed to give it these official classifications.

If this should encourage the production of this soft type of wheat it will prove to be in the end, a disadvantage rather than an advantage. In the opinion of grain authorities much of this wheat should not be grown in the prairie provinces. They say that production of it should be discouraged instead of encouraged. They declare that the prairie farmers should stick to the established wheat and should not experiment with any of the less standard types, and that, if they will do this, it will prove to be more to their benefit and to the benefit of the reputation of Western wheat grades.

This is, of course, a matter for farmers to decide for themselves. A wheat grower is free to sow what wheat he will, but the permanent welfare of Western producers will rest with standard production of the best wheat the country will grow, not with the production of the lower classifications.—Calgary Herald.

THE SALVATION ARMY

Every year The Salvation Army launches a great financial appeal all round the world, called "Self Denial." This effort has been in operation almost since the commencement of The Salvation Army, starting with the founder, General William Booth and his wife, Catherine Booth.

The General saw the great need of the people, and he knew money was necessary, so he decided to deny himself of certain foods he felt were a luxury, his wife joined with him, and they were able by this method of denying, to save quite a little sum and so help others.

As years went by the General carried out his promise. Officers of the Army heard about this successful plan and joined with the General and his wife. Later, Salvation Army soldiers

You may Pay more but not Get more

WHEN BETTER AUTOMOBILES ARE BUILT — McLAUGHLIN-BUICK WILL BUILD THEM

and outside friends joined in and a great deal each year was saved and the work steadily advanced.

Today finds our "Self-Denial" Fund widely known, people everywhere are glad and anxious to give to this fund that means so much to this country and missionary countries.

The amount raised each year goes to further our social work: Rescue Homes, Old People's Homes, Hospitals, Children's Homes and general relief work.

A certain percentage goes to maintain officers and fund the work in the mission fields, also a small percentage stays in the local Corps. In making this appeal undoubtedly the people of Wetaskiwin will gladly do their part and so advance the work of God.

The month of May this year will be spent in collecting from the town and district for the "Self-Denial" fund.

DOGGONE!

The city man went to the country to do a bit of hunting. A country acquaintance provided the dogs to accompany the hunter. The hunter sat forth only to return in an hour.

"Well, why are you back so soon?" queried the farmer.

"I'm after more dogs."

"More dogs! Those were good dogs I gave you."

"I know, but I have shot all those dogs already."

LIE-ABED WIVES

Giving evidence before the Minimum Wage Board, a restaurant proprietor complained that Vancouver men prefer to eat at home in the morning, thereby depriving caterers of profits on breakfasts.

"Go down to any American city," he proceeded, "and you will find the married men eating their ham and eggs in the restaurants. Their wives remain in bed until they wish to rise. Here we drag our wives out of bed at 6 o'clock in the morning to cook breakfast. How can a restaurant man make money out of such cheap people?"

The American husband has my sympathy, whether he deserves it or not. If he chooses to take his empty stomach down town to have it filled at a quick lunch counter instead of making his wife get up to prepare breakfast, that is his own lookout. He may think he's doing a noble act by the little woman, but the poor boob is badly mistaken. Healthy wives who don't get up until noon seldom last long; in a very few years they have alimony instead of a husband.

Getting breakfast ready never hurt any good wife. The lazy woman will find it just as hard to get up at 10 o'clock as at 6, and therefore she should be thankful to her husband if he gives her a helping hand the moment the cheery alarm clock sounds the call to action.

The contention of the caterer that Vancouver men "drag their wives out of bed," however, seems a little far-fetched these days. That system worked all right when tresses were in fashion, but it is impossible to get a good grip on a shingled head, and a bobbed one is not much better. It is easier and much more humane to yank off the bedclothes and get busy with the bath sponge and plenty of cold water.

The wife will let you know when she has had enough, which will be very soon.

There may be some husbands, though, who are not equal to such direct action. There must be, or there would be no lie-abed wives. When a woman won't get up to make the matutinal coffee, it stands to reason that the man must be an accessory before the fact. It's a sign that he lets her have her own way too much, or that they haven't been married long enough for the household to be running on a safe and sane basis. The recent husband is necessarily an abnormal creature when dealing with his bride; but it will make for real happiness all round if he doesn't give her too much time to brood over his shortcomings. There is nothing quite so important as starting married life right.

The principal character in Jack London's "Valley of the Moon" understood this. The day after his wedding he served breakfast to his wife in bed, and when that charming lady thanked him prettily, he sagely observed:

"Make the most of it while you can, dearie. This kind of thing will never happen again!"

He knew the value of training 'em while they're fresh.

It takes longer, of course, to cure the hardened wife of the lie-abed habit, but it can be done with a little ingenuity and a lot of perseverance. These few hints may help:

"Whistle and sing loudly while dressing. This is a splendid inducement to laziness, especially if you are also good at arguing.

After you have cooked your bacon perfectly, throw an extra piece in the frying pan and let it burn. See that the hall door is wide open so that the odor may go upstairs.

Break one piece of pet china every day. If it's a plate you have been particularly requested not to use, so much the better.

Dirty as many dishes as possible. Women who get up late are seldom partial to washing dishes.

Drop a medium-sized egg on the floor and step on it before going in the front room.

Put things in the wrong place; you would probably do that in any case.

Fix the stove so that it will smoke after you leave.

Upset the wife's share of the cream and let the cat drink it. Even if she catches the cat she'll miss the cream.

These trifles, of course, will cost quite a few dollars, but this should not worry you. These expenses can always be charged to the wife's allowance, and rightly so, for if she had been up they would not have happened. She herself will be the first to say so—and also the last.

It is also quite a good plan to induce your own female relatives to call on your partner about 9 o'clock in the morning, or even earlier. The most trifling pretext will serve as an excuse. If you drop a hint that your wife has trouble getting up, your relatives will be delighted to oblige you in this little matter.

They may even think of it, just—Bx

The NEW CAR

Performance Comfort & Safety Equal to Every Demand

The New Phaeton
and Roadster

THERE is a satisfaction in driving the New Ford Car. You are impressed with the remarkable ease with which gears are shifted; the smoothness of starting as the clutch is engaged; the vigorous acceleration.

You ride in deep upholstery. Wide seats and ample leg-room ensure comfort even on a long drive. Flexible springs and four hydraulic shock absorbers protect you from the shocks of the road.

Your hand on the steering wheel finds an instant response to the slightest turn. Your foot on the brake pedal brings the car to a quick, safe stop. Steel bodies with narrow pillar posts and a shatterless glass windshield add to your safety.

And when your drive is over and your car stands in front of your home, you feel the same pride in its handsome appearance that you derive from its mechanical excellence.

FORD MOTOR COMPANY OF CANADA, LIMITED, FORD, ONTARIO

A BAD HABIT WHICH SHOULD BE STOPPED

All babies acquire habits very readily, regardless of whether the habits are good or bad. A baby who is rocked to sleep a few times soon refuses to

Acids in Stomach Cause Indigestion

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestants are not needed in such cases and may do real harm. Try taking a little of this acid and instead get from any druggist some Blaud's Magnesia and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Blaud's Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

go to sleep without such attention. The "comfort" of all habits, is the most filthy and inexcusable.

No mother would think of exposing her baby to any communicable disease, but she does so if she allows the child to use a "comfort." The "comfort" may fall to the floor or sidewalk, it may be touched by other hands, it may rub against other things, flies may walk over it, or in many other ways it may become soiled with disease germs and carry them into the mouth of the child.

When a child is given the "comfort" to send him to sleep, it generally drops from the mouth when the child is asleep, and frequently it becomes the resting-place for flies which may have come from any filthy place. When the child awakes and cries, the mother rushes to the baby and places this soiled thing in his mouth.

The baby cries for the "comfort" because it has become a habit. If he were never given one, he would never want one. It is not natural for a child to have something in the mouth all the time. Sucking a "comfort" does not

soothe the child after a few minutes. It tires him and makes him irritable. Like the constant chewing of gum or sucking a dry pipe, it causes an unnatural flow of saliva. The swallowing of this and the movement of the jaws cause an uncomfortable feeling like a hard lump back of the throat.

Continued use of the "comfort" alters the arch of the mouth and frequently causes projecting upper teeth, with a short, tight upper lip. This often means that the jaws are not of normal shape or appearance, and proper chewing of food is difficult, if not impossible.

There is only one place for any and

all styles of "comforts"—the fire or the garbage pail, never baby's mouth.

Questions concerning health, addressed to the Canadian Medical Association, 134 College street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

BEEKEEPERS REAPED RICH CASH HARVEST

Honey production in Alberta during 1927 totalled 300,000 pounds, according to statistics compiled under the direction of Hon. George Hoadley, minister of agriculture. This is an increase of 85,000 pounds over 1926.

The value of the 1927 production was \$60,000 as compared to \$36,550 in 1926. Honey producers received 20 cents a pound in 1927 as against 17 cents in 1926. This is greatly in excess of the amount received by eastern manufacturers, where 10 cents is considered high.

During 1927 Alberta honey producers won first prize in clear extracted

honey and third prize in crystallized, at the Royal Winter fair, Toronto.

With the increase registered in 1927, Alberta is now self-supporting in honey and if the industry continues to develop at the same rate there soon will be large quantities available for export.

The Bore (meeting a chance acquaintance)—"Well, what' going on today?"

"I am!" replied the other, hurrying past.

**TAMING the
MONSTER**

"Well," the mother said, as she replaced the letter in its envelope, "we know the worst anyhow. And perhaps, dear, it serves us right for expecting—"

"But, mother," broke in Vanny, "you know Uncle Zenas always said he'd do something for us. He promised it and one has a right to expect a promise to be kept. And as long as he was giving, it does seem to me he might have left us something besides that old automobile of his." She choked, swallowed hard, and smiled again bravely. "It's—It's funny. What are we going to do with an automobile. We neither of us never handled a bit of machinery in our lives and I have no time for it, anyway. I suppose we might sell it," she added hopefully.

"As if we could find a buyer in a small place like this for a \$6,000 car, even though it was secondhand!" Mrs. Hall sighed. "Well, I guess it is funny as you say, dear, but we must make the best of it."

"That's all we can do," Vanny returned slowly.

The car arrived by way of the worst road in all that locality—a road which was a deep pool with mud after a heavy rain. It was coated, plastered, splashed with silt and the two women beheld it with woful hearts. It was a monster, and an impatient monster at that, for it seemed to breathe its last just as it reached the shelter of the apple tree that shaded the Hall house. The man who had brought it departed without an attempt to bring it to life.

"It's almost as big as the house," gasped Mrs. Hall. "Where are we going to put it, Vanny? We haven't any barn."

"I don't know," Vanny replied. "We'll think of that later. First of all I'm going to use my Saturday afternoon at home to clean it."

"You don't know how?"

"Well, I've seen them at the garage, doing things to cars with a sponge and hose. I'm going to try and see what kind of a complexion the creature has anyway. Just wait till I get my garden suit on."

Vanny in her garden suit looked like a nice boy of 16, but she had not a boy's strength and vigor. By the time she had squirted a half-ton of water on the car and polished it dry she was exhausted. But the car was transformed. If it was worse, of course, but like a piece of battered mahogany, it commanded respect.

"It can't live under the apple tree forever," Vanny said. "I've got to find a home for it. I think I'll go in and take a scrub myself, mother. Then if you'll find me a good supper, I'll try to look after the dear old monster farther."

"Why do you like it, Vanny?" asked Mrs. Hall with a note of surprise in her voice.

Vanny laughed. "I believe I could easily, but I'd have to have more than a speaking acquaintance with it. I'd—I'd have to learn to manage it, you know, mother."

"That great thing! With your slender shoulders and small hands! Oh, Vanny, you frighten me!"

"Mother, dear, I shall do nothing unwise. But women do drive big cars. Don't you remember seeing them in the city? And—and I always did have a fondness for Uns and the Lion." She laughed tremendously and ran upstairs.

When she came down ready for supper she looked fresh and cool and rested. After supper she went out and looked at the car. She stroked daisy varnish admiringly. Suddenly she spoke to her mother, who had followed her out of the house and was watching her anxiously.

"I'm going over to Wilson's to phone to Paul Scott."

"Vanny!"

"Yes, I am. I know the Scotts' have hardly been aware of our existence for the last six years since that lucky venture which sent the Scott name and fame higher than a rocket. I'm not beholden to them, but, mother, Paul is home now, and he does know cars of this kind. I've got to do something with this one and he's the only person who can help me. So I'm going to pocket my pride and ask him. Here goes."

From this expedition she returned radiant.

"Paul's coming right down. He was just as nice as could be. He called me Vanny just as he used to. Ten minutes later a car paused at the curb and Paul Scott, glowing and athletic, came swiftly across the grass where Vanny waited, putting a few finishing touches to the monster as she did so.

"Why, this is some car, believe me!" the young man cried. He walked around it. Then he opened the hood

and did some unintelligible but successful thing with it. The monster choked, spluttered, then began to purr like a contented cat.

Out on the smooth state road the monster behaved like a gentleman—behaved so well that Vanny took her courage between her own, white teeth, and let Paul teach her how to handle the wheel.

It was the first of many delightful lessons. By the end of the two weeks of Paul's stay, Vanny had acquired the mystery of the big car and was really enjoying herself. Besides her new accomplishment, she had gained in self-reliance and color, for the fresh air and change was just what she needed after her long hours of desk work.

Moreover, she and Paul had become the best of friends. He had intended to find a buyer for the monster in the city and one day he wrote to her that he was sending a man down.

"Cars are cars, remember, Vanny," he wrote. "You ought to get \$3,000 at least for the monster."

Three thousand dollars! Vanny was nearly wild with delight. Three thousand dollars!

And \$3,000 was what she got. But even with the check in her hands, her heart was heavy as she saw the old car driven away.

"I had to come and see how you were getting along without the monster—and me," he said, smiling. "You see, Vanny, I find I want you very much more in the city than I thought I had learned to do here in the country. You are the most wonderful girl I ever knew. You did more than tame the monster, Vanny. You made me love you with all my heart, and I won't you for my wife."

**Reduce the Fire
Fiend's Yearly Harvest**

NOT fire—but the CARELESS-NESS which fails to quench it when its usual purpose has been served, is the ENEMY to mankind. He who by neglect causes fire in the forest may well expect the same treatment as would be accorded to one who tosses a match into a neighbor's haystack.

Issued by Authority of
Charles Stewart
Minister of the Interior

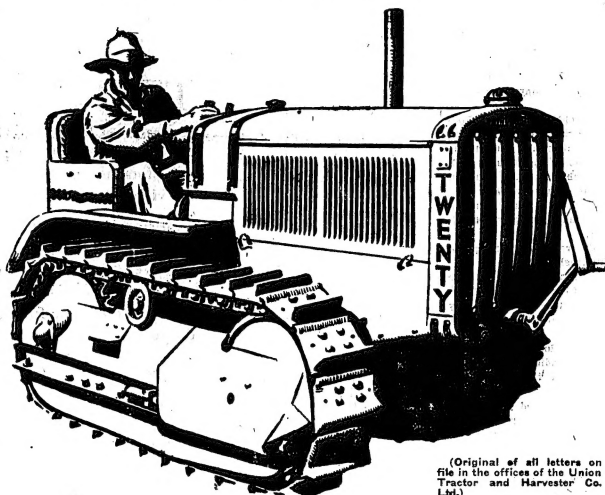

STAMP OUT CARELESSNESS

CANADA'S TRACTOR

YOU WILL EVENTUALLY COME TO "CATERPILLAR" POWER! WHY NOT NOW?

LAST FALL WHEN HARVEST WAS LATE AND CONTINUOUS RAIN LEFT SOGGY FIELDS, WHEN WHEEL ENGINES SLIPPED OR STUCK, "CATERPILLARS" MOVED SERENELY THROUGH, PULLING COMBINES OR PLOUGHS WITHOUT FALTER OR STOP.

FARMERS CALLED US ALMOST EVERY DAY WANTING TO TRADE IN FOR "CATERPILLARS" THEIR NEW WHEEL ENGINES THAT COULD NOT BE USED

(Original of all letters on file in the offices of the Union Tractor and Harvester Co. Ltd.)

**This Camrose
Farmer
Is Convinced**

"WE WERE THOROUGHLY CONVINCED LAST SEASON BY THE TOTAL FAILURE OF THE WHEEL TYPE OF MACHINE THAT THE ONLY SOLUTION OF THE WET SEASON BREAKING PROBLEM LAY IN THE ADOPTING OF THE 'CATERPILLAR'."

"OUR BUSINESS LARGELY DEPENDS ON THE SUCCESSFUL BREAKING OF THE YEARLY AVERAGE ACRE-AGE."

"MOST OF THE TRACTORS HERE LAST SEASON EITHER DUG IN, TURNED OVER OR REARED UP AND VERY LITTLE WAS DONE IN THE BREAKING LINE."

**Does Work of 20 Horses
and Five Men**

(From Rosebud)

"After using one of your 30 Caterpillar's past season, the creditable manner in which it did its work prompts me to write a few lines of appreciation."

"After trying the 'Thirty' on all lands and under the same ground of footage conditions, the 'Thirty' has proven more economical to operate, for the slipage has been reduced to a minimum due to the large surface of traction."

"During seeding operations my 'Thirty' did the work of at least 20 horses and five men, for we pulled three 10-foot sections and seeded between 90 and 100 acres each day. We have pulled two 12-foot disk foot cultivators, which was doing the work of two of the 15-horse wheel tractors that we have. During summer plowing time we hitched three 14-foot rod weathers behind the 'Thirty' and covered 240 acres in one day."

**"Thirty" Satisfies in
Every Detail**

(From Claresholm)

"Just a few lines in reply to yours of recent date, asking how I liked the Caterpillar '30' bought off you last spring. Will say it has satisfied me in every detail."

"It gets over the ground at the rate of four miles per hour, so it is easy to get in 40 miles in a 10-hour day. There being no slip whatever in its track, no motion is lost whatever between engine and ground."

"I pulled your 11-foot cover crop Killer Disc, which I also am well satisfied with. The '30' pulled this in high gear at all times and could easily disc 60 acres per day, with a gasoline consumption of about 30 gallons."

"After I was through discing I began plowing and pulled four 14-inch plows, also in high gear, so you can see it has real power, as this ground is hard to plow."

"I also found it easy on fuel and oil, and most of its lubrication done automatically, which is a great saving of time in the rush season."

"The Killer cover crop disc I got of you is a real farmer's tool, and it is just about the same as plowing. Anyone doing any 'stubble in' their crop can easily pay for this disc in one season."

**Not One Dollar Spent
In Repairs**

(From Camanagay)

"In reply to your letter asking how I like the Two-Ton 'Caterpillar' which I bought from you last August, I can say that I am more than satisfied, as it did more than I expected. I pulled a Model 32 Holt Combine with wind-row pick-up, handling a windrow gathered from a 20-foot swath, and as the straw was cut long and green, it was necessary to throttle the engine down to a speed where a wheel tractor could not have pulled the load and kept moving, and in the heaviest spots getting down to 1 1/2 miles per hour, moving over the sand ridges, for which purpose I got the Two-Ton in preference to any other tractor, as I knew that a wheel engine would be useless in these sand ridges. I may say that the tractor pulled the Combine over the ridges with a loaded wagon containing 90 bushels of wheat hitched on."

"I had no previous experience with the Caterpillar, but have had no trouble whatever either in operating or in the way of breakdown. It has not cost me a dollar for repairs, and am more than pleased with the Two-Ton. It has done all you led me to expect of it and more."

"SALADA" TEA

Such fragrance—such flavour—such purity—fresh as a dewy morning—blended to emphasize all the delicious goodness of tea. Thousands more every day are asking for "SALADA" Orange Pekoe Blend—43c per 1-lb. Have you tried it?

ROAD-HOGS

(By J. H. Hodson)
Billy Speed was going South. Johnny Accelerator was going North. They took the Calgary trail about the same time, which was merely a coincidence. Both Billy's and Johnny's cars were 1928 models. They were slow long. They were bright and shiny, and could

easily make a mile-a-minute on a gravelled road. Both men knew that the gravel was thin at the edge of the road, and that, when travelling at high speed, it was dangerous to test these softer places, so they had developed the habit of keeping well in the middle of the road.

Billy and Johnny knew, too, that most people would get out of the way of a fast-travelling car. After many experiences they came to believe that no one was quite so brave as they.

It was a bright spring day. The gravel was smooth and dry. It was a splendid time to find out just how fast their new cars could go.

Billy and Johnny met on a nice stretch of smooth road. Mr. Speed is now in a hospital done up in plaster of Paris. It is presumed that Mr. Accelerator is in Heaven.

WITH THE HUMORISTS

In the window of a suburban house appeared the following notice: "Plano for Sale." In the next house was a notice which said: "Hurrah!"

She: "What made you oversleep this morning?"
Ray: "There are eight in the house, but the alarm was only set for seven."

A school master asked his class to write something about sheep.
One boy wrote: "The sheep is noted for its woolly coat on in St. Luke's." (Read it aloud and you may perhaps gather what he meant).

SUFFERED FOR YEARS CONSTITUTION Was The Trouble

Mrs. Wm. J. McCulloch, Woodstock, Ont., writes: "I have been a sufferer for years from constipation. 'I tried everything I could think of but nothing seemed to do me much good. 'After my first baby was born my husband got me a visit of Milburn's Laxative Pills."

and they did me so much good I took three more, and they certainly are excellent pills. 'I have recommended them to different friends, and they all think they are good. 'My sister won't be without them in her home."

Milburn's Laxative Pills are 25c. a visit at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited Toronto, Ont.

Trade with the merchants who advertise in this paper.

THE MILLET PAGE

This Page Devoted to the Interests of Millet and District.

Telephone to, or leave all items for this page, as well as advertisements, and all orders for commercial printing, with Mr. Graham, at the Drug Store.

U.F.W.A.

The April meeting of the U.F.W.A. was held at the home of Mrs. Fred Stanley. The roll call was answered by some very helpful housecleaning hints. Mrs. C. Wagner read a most excellent paper on "Gardening," dealing with the preparing of the garden soil, the time of planting, and vegetables not found in every garden. The May meeting will be held at the home of Mrs. P. McManus, when the roll call will be answered by favorite recipes, each member bringing their recipe written.

Heals Eczema In 7 Days or Less

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used. Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and clearly healed. In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of hives, itchy, salt rheum and other irritating and unsightly skin troubles. You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. All druggists can supply you at any time.

BORN

BORN—in the General Hospital, Edmonton, April 25th, to Mr. and Mrs. R. Cohen, a son.

Little Mary: "Boo Hoo! Mama, all the clothes is gone off my new doll." Mother: "Shhh. Big sister is wearing them to the masquerade ball to-night, dear."

"I see they have operated on a boy's head in order to make him a better boy."
That isn't where my dad used to operate to make a better boy of me."

NOTICE—I have the Cushman Farm Equipment Agencies of the following: Engines, Fanning Mills, Packers and Grain Pickers. Come in and see us, our prices are right. Agent Herman Kohn, assistant agent, R. Cohen, Millet.

HOUSE FOR SALE—Six rooms, barn and garage. All in good condition. Snap. Price \$1200. Apply to Ward MacAllister, phone 94, Wetaskiwin.

FOR SALE—Gold Coin Seed Potatoes, grown from Certified Seed. Recommended by Lacombe Experimental Station as best for this district. Also good Holstein Bull, Henry G. Young, Millet, Alta. Phone 204 Millet.

FOR SALE—Have a Triplex Auto Knitter, almost new and a quantity of yarn for same. Will sell or trade for young cattle. Mrs. Harry Stuart, Box 21, Millet.

THINK IT OVER!

Had humor is a bad counsellor and envy does not do any good.
Paris Temps.

MILLET LOCAL NEWS

Mrs. Graham is spending a few days in the city.

Mrs. C. A. Kent was a city visitor on Friday.

Miss Pyle is the proud possessor of a new Whippet sedan.

Messrs. J. West and S. C. Moen were city visitors on Tuesday.

Mr. J. B. K. Graham is in the Royal Alexandra hospital, following frequent attacks of illness.

Mr. and Mrs. Martin Noon and baby Dorine, were the guests of Mr. and Mrs. Forrest Hess on Sunday.

Miss Elsie Cottrell returned to Camrose Normal on Sunday, after a week of practice teaching at West Liberty school.

Mrs. W. Ross spent the week-end at home, returning to Edmonton on Sunday night, where she is taking care of her sister Mrs. Kramer, who is convalescing after a serious illness.

The U.F.W.A. held their meeting at the home of Mrs. Fred Stanley on Thursday, April 19th. Mrs. Walter Woods was elected president and had charge of the meeting. Mrs. Cottrell assisted Mrs. Stanley in serving tea at the close of the meeting.

The Women's Auxiliary met at the home of Mrs. A. H. Parker on Monday, nine members being present. Devotional exercises were conducted by Miss Thomas. At the close of the meeting tea was served by the hostess, assisted by her little daughter, Ethel.

Don't forget the entertainment by the G.L.T. and Trail Rangers of Millet. They are presenting "Aunt Susan's Visit" to the public in Phyn's hall, on Friday, April 27th. Bright, wholesome, sparkling. A junior group gives a short playlet "His Aunt's Pet." Tickets, 40c and 20c.

The Millet Tennis club held a very successful and lively dance in Phyn's hall on Friday, April 20th. The Moonbeam's Orchestra, from Wetaskiwin, supplied the music. The hall was very tastefully decorated in orange and white. A good crowd was in attendance and everyone reported a good time. Supper was served at the Arlington.

HILLSIDE

Spring work has commenced in this district. During the Easter holidays the interior of the school house received a coat of paint and varnish, which has greatly improved the appearance.

A few from this district attended the W.I. dance in Millet Tuesday evening and report an enjoyable time. The April meeting of the Junior U.F.A. was held in the school house Friday evening. There was a good attendance. Wallace Marr was chosen as the delegate to attend the Farm Young People's Week at the University in June.

A cartoon of young people are taking in the play "Aunt Susan's Visit" in Millet on Friday evening. Mr. and Mrs. McDonald and family of Edmonton, were Sunday callers at the home of their cousins, Mr. and Mrs. J. G. Bolt.

The Times does commercial printing at right prices.

HILLSIDE U.F.A. NEWS

The April meeting at Mrs. Lloyd Marr's opened with the roll call of "Household Hints," and this was followed by singing "For He's a Jolly Good Fellow."

Mrs. Howard Marr read a splendid paper on "Exterior Decorations of the Home."

The second chapter of the continued story, written by Mrs. T. H. Howes, was much enjoyed. We are waiting impatiently for the further adventures of the heroine in the third chapter.

A sumptuous lunch was served by Mrs. Lloyd Marr.

The next meeting will be at the home of Mrs. E. R. Hoskins on May 3rd.

The roll call will be "The Oddest Thing I ever saw."

CO-OPERATION

If you'll do your "bit for others," As you do your daily "bit," And not overlook your brothers, You will gain a lot by it.

Those intent on only "getting" Got but little in the end; And their days are filled with fretting, As down life's pathway they wend.

Profit, progress, power, position— They'll be yours, as sure as fate, If you'll cease from competition; And instead—co-operate!

CHAS. MOONEN'S

NOW RUBBER SHOCK INSULATORS ADDED TO GREAT NEW CHRYSLER '62'

at New Lower Prices—\$1350 and upwards—Same Luxury Features as Famous '72 and Imperial '80

CHRYSLER now adds rubber shock insulators to the Great New Chrysler '62'. And at no increase in price!

Thus Chrysler becomes the one manufacturer to offer a complete line of six-cylinder models—"62", "72" and 112 h.p. Imperial "80"—priced from \$1350 to \$4685, giving the entirely new and modern conception of riding ease and quiet that only this specially engineered device can provide.

By making possible this

greatest riding luxury at its new low prices in the Great New "62", Chrysler again shows conclusively how its Standardized Quality of engineering and manufacturing gives extra value to Chrysler buyers.

Chrysler Prices
Great New Chrysler "62"—Seven body styles, \$1350 to \$1600. Illustrous New Chrysler "72"—Seven body styles, \$1995 to \$2335. New 112 h.p. Chrysler Imperial "80"—Fourteen custom built body styles \$3745 upwards. All prices f.o.b. Windsor, Ontario, including standard factory equipment (freight and taxes extra).

in the **ANGUS THEATRE, Wetaskiwin****Sunday, April 29th**
at 9 o'clock p.m.

CONDUCTOR—BERNARD LEDINGTON, Mus. Bac.

These two organizations consist of about forty-five people. The transportation of these performers together with hall rent and advertising is quite expensive, and a liberal collection will be appreciated.

THE COLLECTION WILL BE TAKEN AT THE DOOR

**Neighborhood
NEWS****LONE RIDGE**

The U.F.A. meeting will be held at Lone Ridge on Thursday, May 3rd, in the evening, instead of the afternoon as previously announced.

WINFIELD NEWS

The regular meeting of the W.A.C. was held in the Winfield hall last Thursday. After the meeting, the members played cards till midnight, when coffee and lunch was served.

Members of the W.A.C. and the people of Winfield are trying to secure certain grounds from the government for recreation purposes.

Mr. and Mrs. McVicar left Winfield last Thursday. They will reside in Hoadley.

Mrs. Dewar is visiting relatives in the south.

Harry Dewar is batching it. He says there are worse things than batching, but he has not been at it long. Since Mrs. Dewar has been away, his dog is a frequent visitor at the restaurant. I wonder why?

The ladies of Winfield have organized a basketball team. Now we will see some hair pulling.

If talk will clear land, this is going to be a prairie country next year. Time will tell.

Smith, of Brightview, a son.**FUNERAL OF THE LATE****MRS. PITTENEREICH**

The funeral of Susan Milne, beloved wife of William Pittenerreich, who passed away at her home in the New Norway district, took place on Thursday afternoon last, service being conducted in St. Andrew's Presbyterian church, Wetaskiwin, by Rev. P. C. McCrae. A large number of friends were present to pay their last tribute of respect to the departed. The floral tributes were especially numerous, among the contributors being: Husband and two sons at New Norway; Mr. and Mrs. Westwick, New Norway; Mr. and Mrs. Chas. Scott and Mr. and Jack Smille, of Vancouver; Bettie, Freda and Billy, The Great West Garment Co. Limited, and The Edmonton Terminal Grain Co., of Edmonton; Mr. and Mrs. Ed. Dowell of Lewisville, and Mr. and Mrs. J. H. Knowlton of Wetaskiwin. Interment was in the Wetaskiwin cemetery.

NOTICES**

***Do not miss the big show at the Angus Theatre tonight. There is a full picture program and on the stage local artists will give a variety program. At the special request of numerous patrons, Mr. Stewart Campbell will sing "The British Bulldog" on the stage. A bevy of local ladies will also display the latest fashions from Montgomery Bros. Dept. Store.

***Phone Ed. Mason, No. 294, for trucking and hauling Prompt and satisfactory service.

***"The Great Retreat," is a hilarious story of the Buddies who laughed their way through trouble. You will see it at the Theatre on Monday and Tuesday of next week.

***The W.M.S. of the United church will hold a Tea and Food Sale on Saturday, May 19th. They will also have for sale plants, shrubs, slips and cuttings. The place will be announced later.

***"The Noose," a great picture of love and sacrifice will be seen at the Angus Theatre on Friday and Saturday of this week.

***The Swedish Lutheran Ladies' Aid will hold a donation social in the church parlor on Thursday evening, April 26th, at 8 o'clock. Visitors are cordially invited to attend.

***"Circus Rookies" is a picture which will make you forget your troubles, and on the stage the local artists will cheer you with song and dance, on Wednesday, May 2.
